

Visit GSOC at Northern Green!

By: Lareina Taing

Northern Green (formally known as the Northern Green Expo) has been a hotspot for green industry professionals in the Northern U.S. to come together and learn about the latest trends in their industry since 2003. Northern Green was born from the combination of two separate events sponsored by The Minnesota Nursery & Landscape Association (MNLA) and the Minnesota Turf and Grounds Foundation (MTGF).

Over the last decade, Northern Green has averaged 7,449 attendees and 919 exhibit spaces. In addition to the trade show floor, attendees can take advantage of nearly 100 educational sessions held during the event's three-day run. Gopher State One Call (GSOC) has participated at Northern Green for several years. GSOC attends the event and uses its booth to spread the "Call or Click before you dig" message to Minnesota's green industry.
